To Whom It May Concern:

It is my distinct pleasure to serve as a reference for Russ Phillips and Guho Construction. I am immediate past president of Capital City Family Medicine, PA, and Plaza 1520, LLC, and I worked with Russ Phillips and Nic and Mark Guho on a very regular basis.

Russ and the Guhos worked on our project together in a very collegial and positive manner. Each complimented the other and the result was indeed greater than the sum of the parts.

As you might imagine, working with physicians can be rather challenging. Russ, Nic and Mark were always patient and responsive. They reviewed all the options and costs associated therewith, and we always knew that they kept our best interests in mind, even if it meant perhaps less profit for them. They always responded promptly to inquiries and dealt with problems efficiently and quickly. They were creative and innovative. We are extremely pleased with the outcome of our project.

I wholeheartedly recommend Russ Phillips of Insight Architects, and Nic and Mark Guho of Guho Construction to you.

Sincerely,
