Re: DPW Project No. 07 011
Capitol Annex Remodel

Dear Nick,

I would like to take this opportunity to thank you for the outstanding job you have done on the Capitol Annex Remodel. The project was a very challenging remodel of an existing building, on a tight timeframe with a limited budget. I definitely think that using Guho Corporation as the design-builder gave the State the most value for our money. I really appreciated the options you presented throughout the project to make the finished product better, and in some cases less expensive. I was also very impressed with the efforts of Guho Corporation to accommodate the phased construction, working around occupied areas and our request to complete some portions of the work early.

Guho Corporation can be proud of the work done on this project and we look forward to working with you on future projects.

Sincerely,

A handwritten signature in blue ink that reads "Jan P. Frew".
