Re: Central District Health Dept. Wing Addition

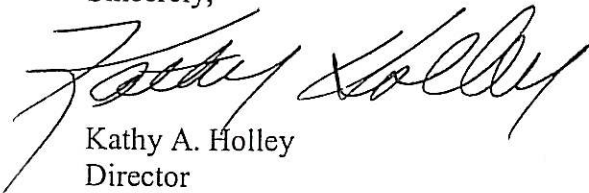

Dear Nick:

It was a pleasure working with you and your company during the construction of our west wing. I especially appreciate your efforts in facilitating the work on our fire sprinkler system. Even though it was an additional expense, I am confident that the district's building is in compliance with current fire regulations.

I especially want to commend Rob Cloninger for his oversight of the project. Rob dealt with District staff in a courteous and professional manner. The fact that he kept staff regularly updated on the construction schedule made the project less stressful for staff working in that area. His efforts were appreciated.

I hope that we have an opportunity to work together again in the future.

Sincerely,

Kathy A. Holley
Director
