

HOLY APOSTLES CATHOLIC CHURCH

December 24, 2008

Mr. Nick Guho
Guho Corporation
391 W. State Street
Eagle, ID 83616

Dear Nick,

I would like to take this opportunity to let you know how much I appreciate your fine work in completing our recent project: Adoration Chapel, Bell Tower and Columbarium.

You and the entire Guho Corporation team were a pleasure to work with. As amateurs in the building trade, we appreciated your professionalism, guidance and direction on this project. You were always responsive to every question and concern no matter how innocuous. While the footprint of the building and columbarium was not large, the inclusion of the offset bell tower made this a very complex project.

Your presentation to our committee in the selection process made it obvious that your company best suited our needs. After we selected your company as our builder, you laid out all expected expenses and possible pitfalls. Due to your diligence there were no cost overruns or surprises. We also appreciated your ability to explain the complexities of the mechanical portion of the project to us in layman's terms. During the construction phase you were always responsive to every uncertainty and concern. During one especially difficult incident when a subcontractor used the wrong materials you were particularly helpful in reassuring us that our concerns were valid and in rectifying the matter. Your interface and fine working relationship with the architect and all subcontractors were always helpful and appreciated.

You and your organization maintained an enthusiastic and passionate desire to do a great job throughout the project. Thank you again for your excellent work! If you would like to use me as a reference, please feel free to have anyone contact me.

Sincerely,

Robert P. Courval
Chairman, Adoration Chapel Committee
